

BREEZEWAY DOMES

- Oztrail's Breezeway design creates more headroom and shoulder space inside the tent
- Tri-brace cross pole frame, now with additional pole bracing, provides quick set up, greater strength and improved water shedding
- Anti-sheer DuraPlus™ Black Series shock corded fibreglass poles for greater strength and easy assembly
- Non-corrosive stainless steel pole joiners for long term reliability
- Longer lasting silver coated UVtex Sun Tough fly fabric with water repellent treatment
- Heat taped fly seams provide a complete water shield
- Heavy Duty PE bucket floor creates elevated floor seams
- Quick-clip system featuring Tensile-Tab™ J Hook attachments for easy assembly and rigidity
- Seam inserted reinforced guy rope tabs with shock loops on fly to add strength and stability
- Handy storage pockets with reflective safety webbing to attach guy ropes
- Total insect protection with ultra fine No-See-Um mesh
- Oversize easy-step D doors for convenient access
- Large OZtrail Breezeway side windows with walk through function and protective awning
- Unique OZtrail Breezeway allows full window adjustment from inside the tent
- Total climate control via front door, rear door and Oztrail Breezeway window system
- Rear awning and poles for added shade protection
- Power cord access port, light attachment point and organiser pockets
- Easy to handle compact carry bag
